

# Multifunctional scale with RS-232 interface

**seca**  
Precision for health

## seca 685 r

- + Safe weighing of standing, sitting or wheelchair patients
- + Firmly anchored steel handrail on both sides serves as ideal standing aid
- + Large, easy to access platform with non-slip surface
- + Wheel barrier provides extra safety
- + 360° swivel display for easy reading
- + With RS-232 interface for transmitting weighing results

## Multifunctional scale with RS-232 interface

### Safe weighing when standing, sitting and using a wheelchair

People with impaired mobility can steady themselves on a handrail on this scale during weighing or sit on the integrated seat in comfort – which can be unfolded/folded with just a single hand movement. The seca 685 r is also suitable for weighing in wheelchairs. The platform is generously proportioned for easy access and at the same time provides an inviting low profile. A barrier for the front wheels ensures additional safety.

### Weighing without handicap

The new seca 685 r multifunctional scale is a real all-rounder for demanding everyday life in medicine and care. Its multitude of functions takes into account all aspects that make weighing in general medicine, nephrology and nursing homes particularly time-saving, convenient, precise and safe. The results: A scale that makes work easier – day after day.

Approval class	(III)
Capacity	300 kg
Graduation	100 g < 200 kg > 200 g
Dimensions (WxHxD)	930 x 1,110 x 1,070 mm
Platform (WxHxD)	800 x 55 x 840 mm
Net weight	59.5 kg
Power supply	Power adapter
Functions	TARE, Pre-TARE, HOLD, Auto-HOLD, Auto-CLEAR, RESET, Automatic weighing range switch-over, Adjustable damping, BMI
Interfaces	RS-232
Medical Device Regulation (MDR) certified
